Round Jet Towel Rail Control Options

Ecostrad Round Jet Electric Towel Rails can be paired with one of three heating elements, to ensure the perfect control for your bathroom's heating needs.

1. Basic Control

This element heats to a constant, non-adjustable set temperature, making it ideal for connecting to a simple on/off switch or an external heating controller.

- Overheating Protection
- Heats to an internal temperature of 65 °C
- Perfect for External Control
- IP68 Rating for Superior Water Protection
- 2 Year Guarantee

Control Head Dimensions	34x28x28 (HxWxD)
Colours	Chrome, Anthracite
Flex	1.2m cable, left or right side, depending on where element is installed. Element arrives separately.
Installation	Hardwired professional installation only. No fitted plug.
Voltage	230V, 50Hz
Protection	IP68, Class I
Warranty	2 years

2. Velto Thermostatic Control

Warm your towels whilst heating your room to a precise temperature with 24/7 programming and a handy boost mode.

- Simple 4-Button Control Panel
- 24/7 Programming
- Power-Saving Boost Mode
- Room & Radiator Temperature Control
- 2 Year Guarantee

Control Head Dimensions	70x58x45 (HxWxD)
Colours	Chrome, Anthracite, Black, White
Flex	2m cable, left or right side, depending on where element is installed. Element arrives separately.
Installation	Hardwired professional installation only. No fitted plug.
Voltage	230V, 50Hz
Protection	IP44, Class I
Warranty	2 years

3. TriQ WiFi Control

Combining advanced WiFi app control with intuitive touchscreen functionality, the TriQ WiFi Heating Element makes your Round Jet as smart as it is stylish.

- Dual-Orientation Touchscreen Display
- WiFi App Control from Anywhere
- 24/7 Programming & Smart Heating Modes
- Boost Mode with Adjustable Timer
- Dual Room & Internal Temperature Control

Control Head Dimensions	66x66x50mm (WxHxD)
Colours	Chrome
Flex	1.2m cable, left or right side, depending on where element is installed. Element arrives separately.
Installation	Plug fitted Hardwired professional installation in bathrooms.
Voltage	Voltage 220-240V, 50Hz
Protection	IPX4, Class I
Warranty	2 years

- * Radiators measurements exclude the heating element.
- * Stated heating areas are approximate, based on usage of the heater at full temperature capacity. If the internal temperature is set at a lower level, effective heating areas will be reduced. Additionally, hanging towels over the product may reduce effective room heating output.
